MORE FEATURES FOR CELEBRATION

Four Ministers Formerly of Norwich to Address Union Meeting Sunday Evening-Organ Recital Tuesday Afternoon.

A number of new features have been added to the programme for the celeiration which should prove of much interest in making it the success which is desired. The changing of the date of the celebration has brought in opening day, or Sunday, on the first Sunday of July, which is communion Sunday in many of the churches, and short sermons are usually preached on those occasions. It has seemed to a number of the ministers of the city, whose residence here ally preached on those occasions. It has seemed to a number of the ministers of the city, whose residence here has covered but a few years, that a historical sermon on that morning would hardly allow for justice to be done to such a subject, even by one fully acquainted with the history, and for that reason some, it is understood, are to preach upon Good Citizenship, while on Sunday evening it has been arranged that a union service will be reid at the Central Baptist church of the Broadway, Second Congregational and Central Baptist, and possibly others, with historical addresses by Dr. Ceorge Martin of Lowell, Rev. E. W. Bishop of Oak Park, Ill., Prof. Bacon of New Haven and Rev. C. M. Galiup of New Bedford, all former Norwich men, who have become well known in the ministry and who are well qualified to speak upon the topic.

For Tuesday afternoon also Organist F. W. Lester of the Broadway Congregational church has arranged for an organ recital, which, it is believed, will be an important feature of the day, c. ming after the literary exercises. It will be held at Broadway Congregational church, which will seat about 1000.

Government Permission Given.

Postmaster Caruthers on Tuesday learned from the secretary of the treasury that permission would be given for the erection of a reviewing stand on the postoffice grounds, from which the president and distinguished guests can watch the fireworks Mondity evening, July 5.

Cars Will Be Stopped. It has been learned, in response to etition to the Connecticut company that the cars will not run through the reart of the city when the streets will be most congested, and particularly during the parade hours. This means if at the cars will stop on Central wharf, North Main street and the East Side bridge and up Franklin street. Side bridge and up Franklin street, and permit the entire use of the streets for the parade and crowds.

Jaunting Car for Hibernians.

It has been decided by the Second dission of the A. O. H. that they will have a jaunting car in their part of the parade, and one has been secured from the old country especially for the parade. It is the real thing and in it will ride several members of the La-cits' Auxiliary. They feel confident that they will not be outdone in fasir

PREPARING FOR ROSE SHOW. Hot Weather Liable to Take Life Out of Flowers but Handsome Blooms

Preliminary work for the rose show of the New London county Horticul-tural society was done Tuesday afternoon in the way of putting up tables in the enlarged town hall so that this will be all ready for the reception and the arrangement of the flowers this morning. They will be shown on ta-bles around the sides of the room and there will also be some arrangement of central clumps. Besides the local exhibitors, some of the New London and Eastern Point members are expected to send exhibits and a collec-tion from the Elizabeth gardens at Hartford is hoped for. Otto F. Ernst stated Tuesday evening that there were some very handsome blooms be-ing shown in town, although the exshown in town, although the ex-e hot weather would take the life

ished Today—Motion Denied by Judge Case.

In the superior court on Tuesday the case of Petrone vs. S. & J. Gregson was continued before Judge Case and a fury. The cross examination of Squire Gregson was continued and J. J. Kelley, a seller of mangles, Anna Lynch and Lizzle Guinal were called for the defense.

At the completion of the testimony Attorney Perkins for the defendants moved that the judge instruct the jury to bring in a verdict for the defendants. Judge Case heard the arguments on the motion and stated that he denied for the time.

The arguments were then opened and that of Attorney Desmond for the plaintiff was completed and the attoring decided, Justice Dowling continued to hear the case proper. Hotel proprietors and hotel managers who denied knowledge of any undue intimacy between Mrs. Gould and Dustin Farnum, the actor, as the defense alleges, employes of Castle Gould, members of the crew of the Gould yacht Nisgara, hotel chefs, hair dressers and seamstresses, who testified to Mrs. Gould's sobriety on all occasions that they could recall, constituted the bulk of the testimony of the reserve forces which were called by Mrs. Gould's lawyer today. There are thirty or more such witnesses to be called.

At adjournment of court Justice Dowling announced that he would sit tomorrow night until the case was tomorrow night until the case was finished with the exception of Mrs. Gould's testimony in rebuttal, if she should be recalled to the witness stand.

STUDYING THE TREES. ecticut Teachers Invited to Hell United States Forester.

Connecticut teachers have been invited by the United States forester to co-operate with Uncle Sam in an effor to obtain more definite knowledge of the characteristics of our most important forest trees. To do this, it will be necessary to obtain a large number of volunteer observers who will collect material on the time of leafing, blossoming and fruiting of the various kinds of forest trees. In his letter inviting the co-operation of the teachers, Forester Pinchot says:

"Knowledge of this kind is greatly needtd and will be of value from the standpoint both of education and of practical forestry. For educational purposes the results obtained for each species, averaged and presented graphically by means of colored charts will be available to all who are interested in the subject, and particularly to schools. They will form valuable aids to nature."

Children can readily be interested in this work and it should form an attractive outdoor feature of the school passing and also serves to develor the

tractive outdoor feature of the acho-pastime and also serve to develop th faculty of accurate observation.
